

TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE

FISCAL MEMORANDUM

SB 2919 – HB 3114

April 5, 2012

**SUMMARY OF AMENDMENTS (015912, 016017):** Deletes all language after the enacting clause. Defines “eligible postsecondary program” as a program offered by an eligible postsecondary institution that assists students with significant learning, cognitive and other intellectual and developmental disabilities who have completed high school but need a system of education supports and services to access and obtain a postsecondary education. In order to be an eligible postsecondary program, the program must have a two-year individualized program of study designed to provide meaningful postsecondary activities, including academic, career development, exploration, and independent living skills on the postsecondary campus.

A student with a documented intellectual or developmental disability will be eligible for a Tennessee STEP UP scholarship if they are not ineligible for the scholarship under Tenn. Code Ann. § 49-4-904; have been a Tennessee resident, as defined by the Tennessee Board of Regents under Tenn. Code Ann. § 49-8-104 for one year preceding their scholarship application or the renewal of a scholarship; complete high school in accordance with their IEP; are admitted and enroll in an eligible postsecondary institution no later than 16 months after completing high school; and apply for a Tennessee STEP UP scholarship. In order to maintain eligibility for a Tennessee STEP UP scholarship, a student must be continually enrolled in the eligible postsecondary institution and make satisfactory progress in their program of study as determined by the institution. Prohibits a student from regaining the scholarship if they become ineligible for it.

Authorizes a student to receive a Tennessee STEP UP scholarship until the first of the following events occurs: the student receives a credential signifying completion of the program or two years have passed since his or her initial program enrollment. Authorizes a student with an approved leave of absence from the program to continue to receive the scholarship upon resumption of their education, provided they continue to meet all other eligibility requirements. Such students will be eligible to receive the scholarship until the first of the following events occurs: the student receives a credential signifying program completion or the sum of the number of years that the student has attended the program prior to their leave of absence and the number of years of attendance after their leave of absence equal two years.

Requires that the amount of the Tennessee STEP UP scholarship be the same as the Tennessee HOPE scholarship given to students who attend a four-year institution. States that a student’s Tennessee STEP UP scholarship may be reduced if the sum of all financial aid for which the student qualifies exceeds the institutionally defined total cost of education at the eligible postsecondary institution.

The act will take effect upon becoming law and will apply to students entering eligible postsecondary programs in the 2012-2013 academic year and thereafter.

**FISCAL IMPACT OF ORIGINAL BILL:**

Increase State Expenditures - \$1,438,000/FY12-13/Lottery for Education  
Account  
\$1,784,000/FY13-14/Lottery for Education  
Account  
Exceeds \$1,784,000/FY14-15 and Subsequent Fiscal  
Years/Lottery for Education Account

**FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENTS:**

**Increase State Expenditures - \$64,000/Lottery for Education Account**

Assumptions applied to amendments:

- According to the Tennessee Student Assistance Corporation (TSAC), there are currently two eligible on-campus postsecondary programs for students with intellectual disabilities.
- There are eight students enrolled in each existing program who will meet the criteria.
- Qualifying students will receive an award of \$2,000 in the fall and spring semesters for a total annual award per student of \$4,000.
- TSAC estimates that an eligible postsecondary program consists of eight semesters.
- The increase in state expenditures from the Lottery for Education Account each year beginning in FY12-13 will be \$64,000 (16 students x \$4,000 award).
